#1

Development

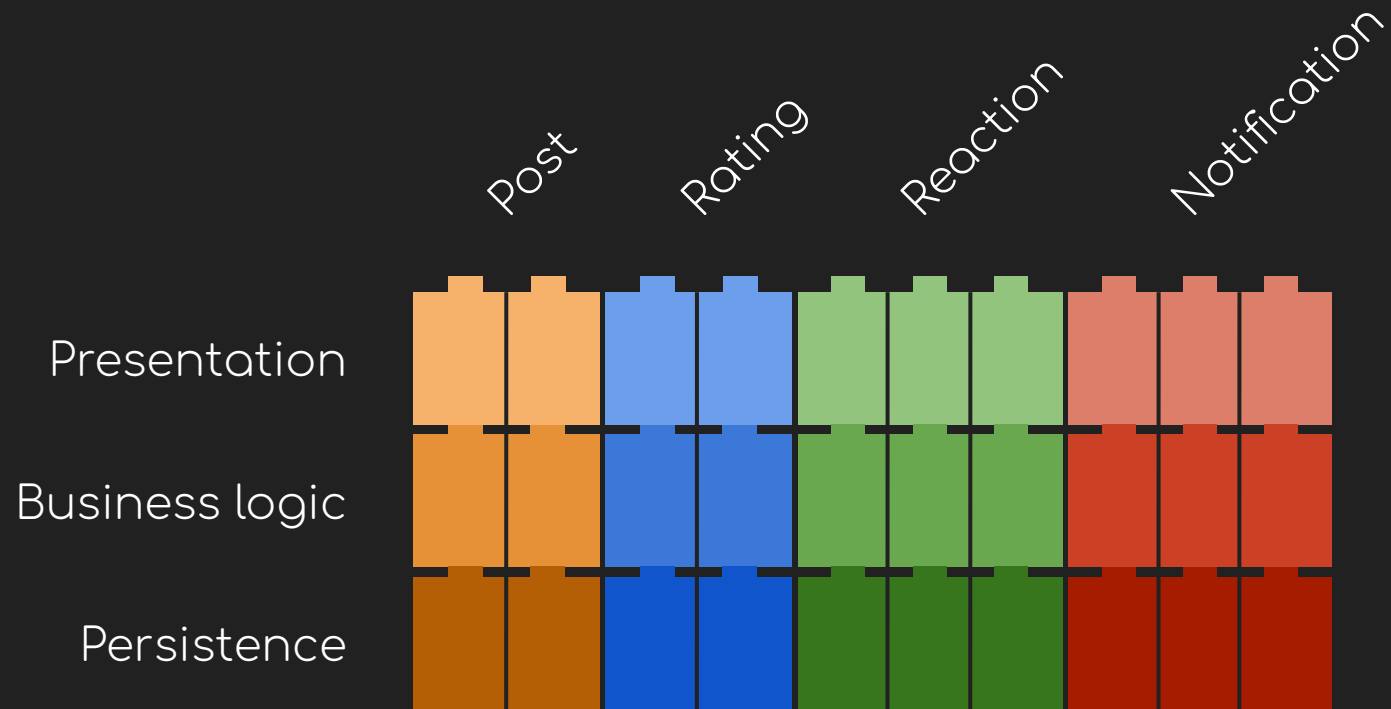

How the app is built.

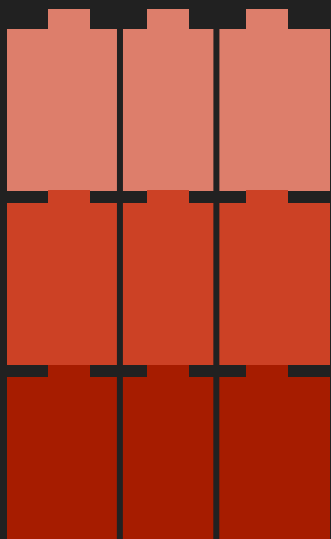

Modulith design

- ☐ Vertical slicing (features)
- ☐ Horizontal slicing (layering)
- ☐ Procedural approach (RPC)
- ☐ Orchestrated workflows
- ☐ Choreographed side-effects

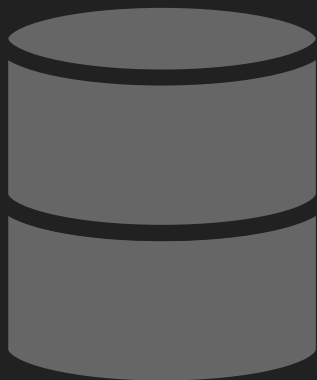

Feature design

- ☐ Stateless
- ☐ Async interaction
- ☐ Immutable data
- ☐ Aggregations
- ☐ Transactions (SAGAs)

Database design

- ☐ No relations
- ☐ No joins
- ☐ No transactions

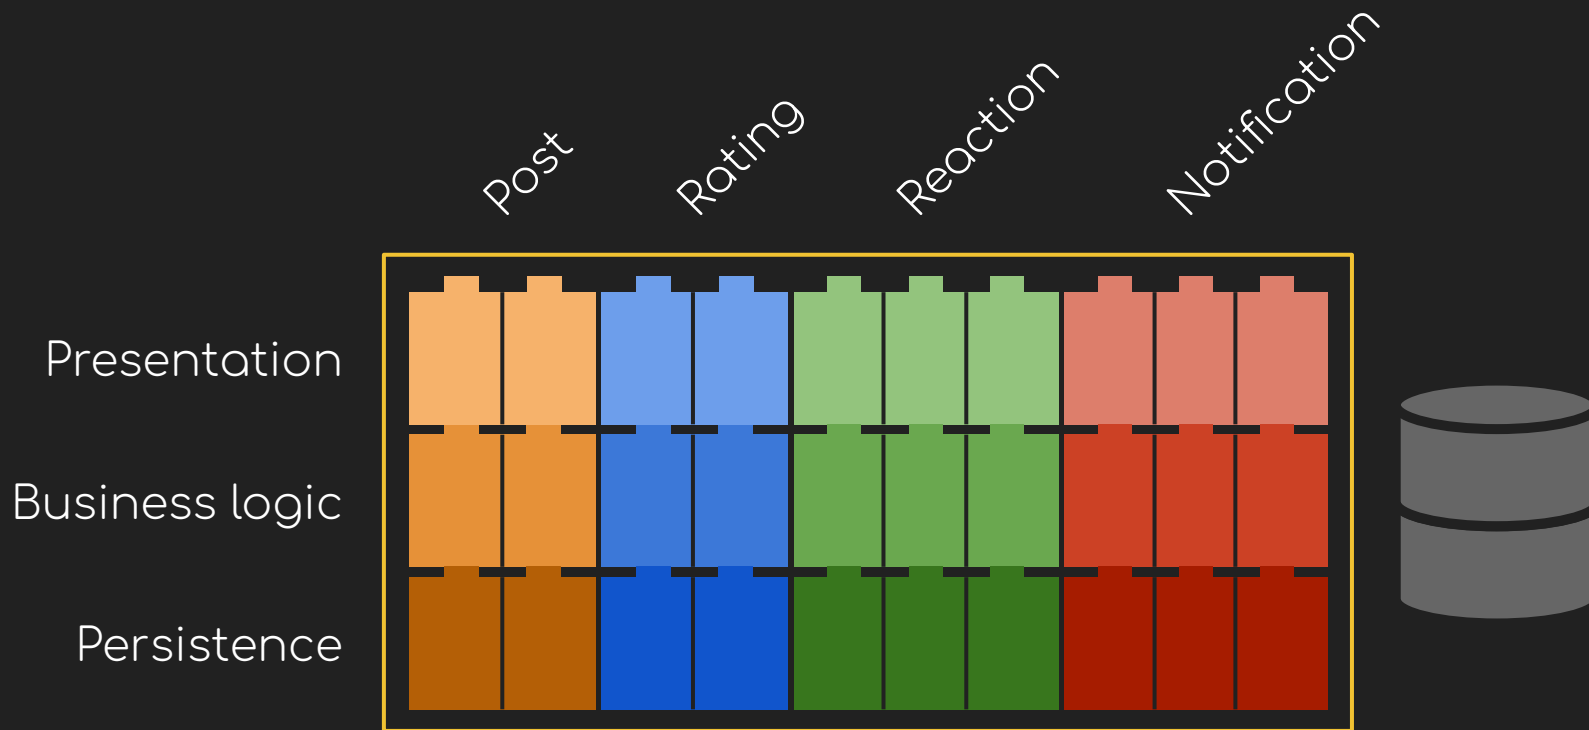

#2

Deployment

How the app is run.

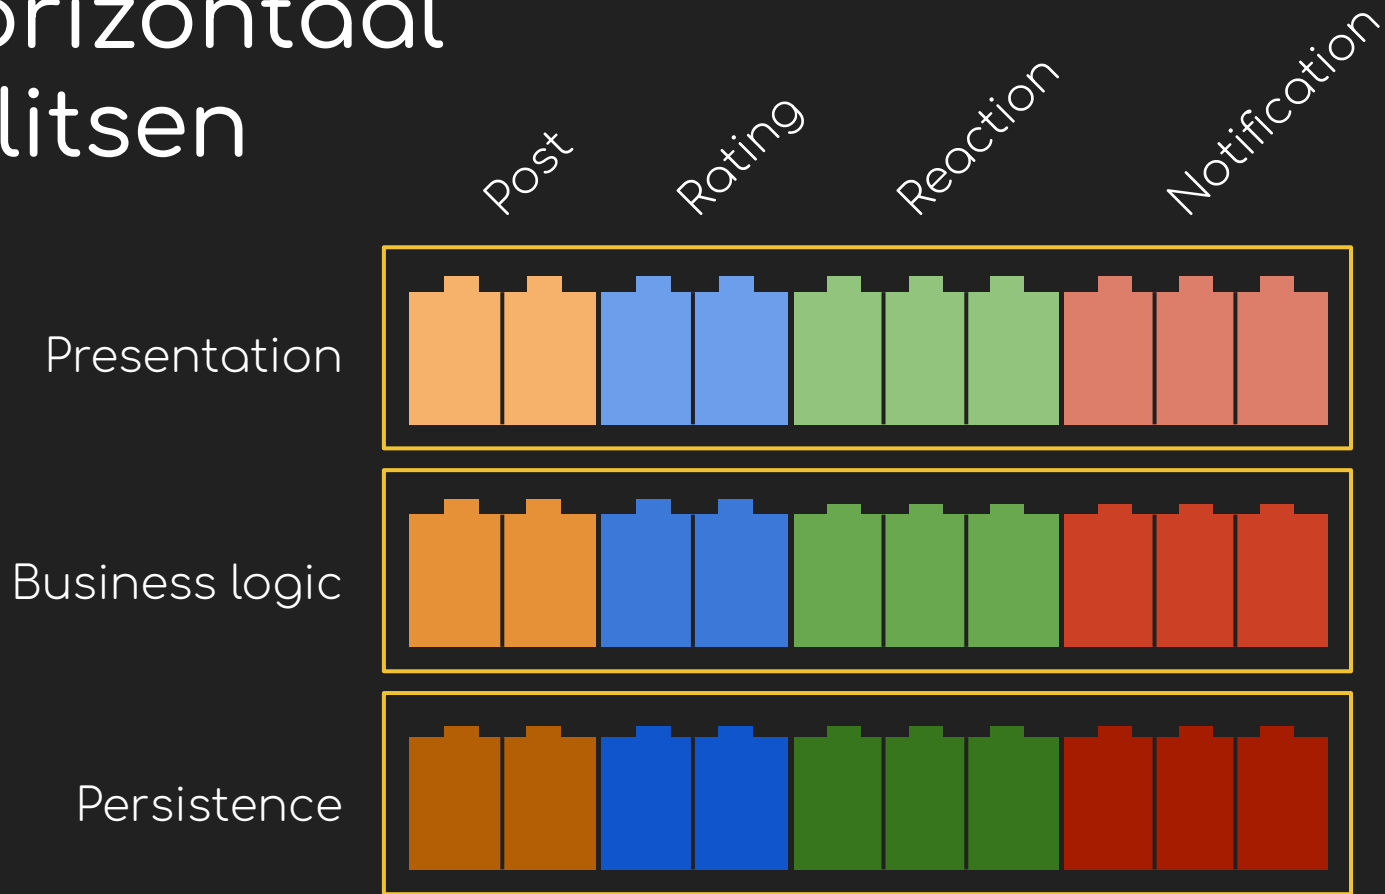

Voorkeur

Vertical splitsen

Horizontal splitsen
